

BILLION HAPPINESS

BLOCKCHAIN COMMUNITY-BASED PROJECT

DEFI, NFT MARKETPLACE, AND E-COMMERCE CASH BACK

About Billion Happiness

Billion Happiness is a blockchain community-based project, with a goal of introducing Blockchain to billions of people through simple needs including clothes or wearables, crypto essentials like hardware wallets and through interests and passion including digital artworks.

It is committed to providing Happiness by rewarding its community through its token called **BHC**. The rewards can be earned from every purchased items on its online store.

Billion Happiness Community Token (BHC) is a cryptocurrency originally created as a reward for **Billion Happiness Community**. Its further development led its way to DeFi world. Making the token farmable, stake-able, and tradable on various exchanges.

Furthermore, **Billion Happiness** aims to provide "product ownership" on its merchandise in order to prevent counterfeit items, opening the way to the NFT realm.
